## TILE

**MOSA** | Producing exceptionally well-crafted ceramic tiles for interior, exterior and fully submerged applications since 1883. These tiles are certified at the Gold level by the Cradle to Cradle Product Institute.

**INTERSTYLE** | This is your launchpad for custom glass tiles. Choose from over 70 sizes, 15,300 colors, special textures/ finishes and mosaic assemblies or loose tiles to make a unique statement with tile indoors, outdoors or in pools, spas and water features.

**FLOORAZZO** | Large format, terrazzo floor and wall tile system with coordinating accessories. These tiles are lightweight for use in elevators, yet durable enough for the most demanding, high traffic environments.

**INAX** | Since 1924, these timeless collections, honoring the nature of clay and cloaked with renowned glazing techniques, bring the very essence of architecture to life.

**MUTINA** | Ceramic collections designed by the world's foremost Industrial Designers that elevate ceramic tile and bricks using scale, texture and composition to create breathtaking, focal compositions for interior and exterior spaces.

**WOW** | Exclusive tile and brick designs coupled with formidable detailing make these interior and exterior collections timeless, yet squarely apace of tile trends globally.

**MONDANI COLLECTION** | Since 1979, they genuinely earned a reputation for sophisticated ceramic tiles with International appeal that are made in the USA and boast competitively affordable pricing.

**SR BETTER BOX OF TILE** | A diverse line of outstanding ceramic tiles and pavers elevating seamless indoor, outdoor lifestyles without sacrificing durability or climate friendly commitments.

# 02

## RESILIENT FLOORING

**LONSEAL** | Unequaled sustainability certifications, durability and innovative solutions for a broad range of applications make these award-winning sheet goods an Industry leader globally.

**TAJ FLOORING** | Beginning in 1991, these premium LVT collections have consistently raised Industry standards for performance and longevity. They feature an array of visuals befitting traditional to contemporary spaces.

**WICANDERS WISE CORK** | Centuries of handmade, Portuguese techniques merged with cutting edge innovation guarantees harmonized visuals and exceptional performance in these 100% PVC-free collections.

# 03

## SUNDRIES

**GENOTEK** | A full range of extruded metal trims and transitions for all flooring types, wall finishes and stairs. These collections feature over 30 anodized or solid metal finishes and are 100% made in the USA.

**SPRAY-LOCK** | A revolutionary lineup of aerosol-based adhesives guaranteed to accelerate construction schedules, provide superior moisture & pH thresholds while raising sustainable practices for the Industry overall.
